TIME CHANGE

Please be advised that today at midday the ships clocks will be SET FORWARD BY ONE HOUR. Please set your watches FORWARD at 12 noon today, Monday 3 September.

FROM THE NAVIGATOR

Today QUEEN MARY 2 will come to the end of her Great circle track across the North Atlantic Ocean as she reaches Bishop Rock later on this evening and returns to steering Rhumb Line courses past Start point, Lizard Point, the Bill of Portland and Anvil point before embarking a Pilot in the early hours of tomorrow morning at the Nab Pilot Station, Isle of Wight.

SUNRISE AND SUNSET

Sunrise: 6.16am / Sunset: 8.03pm

NAUTICAL FACT OF THE DAY

STABILISERS

The devices which help the ship to be as steady as possible are the ship's stabilisers. These devices are incorporated in the construction of a ship to dampen down rolling in a seaway in order to provide a steadier and more comfortable passage through the sea. Gyro-operated stabilisers in large ships are retractable into compartments inside the hull below the waterline, and are thus stowed while the ship is in narrow waters, in port or when the sea conditions are calm.

MATINEE PERFORMANCE RICHARD III

Join RADA as they present this Shakespeare classic: The Wars of the Roses have ended with victory for the House of York, and Edward IV has been crowned king. But not everyone in the royal family is happy. As the crowds cheer for Edward's coronation, the King's youngest brother, Richard, Duke of Gloucester, takes us into his confidence. So far his ruthlessness and cunning have been deployed to help his brother to the throne - including the murder of the Lancastrian King Henry VI and his son - but all that is about to change. Richard wants the crown for himself, and will stop at nothing to get it. With its warring factions, dark humour, Princes in the Tower and Shakespeare's greatest villain, this is an epic tale of ambition, treachery and blood.

THE ONLY WAY TO CROSS

Though we call them luxury liners, they are more accurately described as express liners-splendid, glittering steamships connecting the old world and new across the North Atlantic. "The Only Way to Cross" transports readers to that bygone maritime era, when dozens of liners steamed in and out of New York, accommodating the rich on lavish upper decks and hordes of immigrants deep within their holds. But all is not rarified glitz. Beneath panelled veneer lies reassuring steel. John Maxtone-Graham documents not only the vessels' engineering and architectural marvels but also the perilous storms and fogs as well as the lives of the liner's permanent inhabitants; we encounter stewards, sailors, stokers, and the gruff, austere warmth of their masters on the bridge. The pages are immeasurably enriched by 200 archival photographs. DVD (4 half-hour programs) also available. **Available in the Bookshop, deck 8, A stairway**

NOTICE FOR GUESTS CONTINUING THEIR VOYAGE WITH US

Please note that shoreside security screening in Southampton is available from 9.00am only. It is therefore regretted that guests continuing their voyage with QUEEN MARY 2 can only return to the vessel after this time. We apologise for any inconvenience caused.

DECK CHAIRS

Deck chairs operate on a first-come, first served basis and cannot be reserved. For the consideration of all guests, please ensure you take your belongings when leaving a deck chair for a period of time, or they will be removed and taken to the Purser's Office for collection.

JOGGING ON DECK 7

Please be advised that jogging and power walking on deck is not permitted before 8.00am or after 8.00pm as this disturbs guests sleeping below. Thank you for your co-operation.
